

NEW SERIES.

Entered according to Act of Congress, in the year
1861, by J. M. HOUGHTON, M. D., in the clerk's
Office of the District Court for the Eastern

Another Scientific Wonder!
DR. J. S. HOUGHTON'S
GREAT DYSPEPSIA CURE!
PEPSIN
 THE TRUE
DIGESTIVE FLUID,
 OR
GASTRIC JUICE
 PREPARED BY DR. J. S. HOUGHTON, 142 N. 3rd St., Phila., Pa.
 Sold Everywhere.

[illegible]

to the null the propensity of dissolving various acids in water, and the fact that the chemical composition of them is no way different from the natural digestive fluids.

Dr. Dunderberg, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. He says: "The artificial digestion of food is not dissimilar from the living human stomach and from that of the lower animals, as well known. In all cases," he says, "digestion is effected perfectly in the artificial as in the natural solution."

Dr. John W. Deeper, Professor of Chemistry, in the University of Pennsylvania, in his *Text-Book of Chemistry*, page 386, says, "It has been questioned whether artificial digestion could be performed with the same results as the natural process." Dr. Carpenter's standard work on Physiology, which is the library copy of this library, and is used as a *Text-Book of Physiology*, says, "The artificial digestion of food, respecting the remarkable Digestive power of Pepsin, and

the fact that it may be readily separated from the stomach
by the cal or oz., and used for experiments in Artificial
Digestion, and in the treatment of the Stomach, and
efficient secretion of Gastric Juices.

All modern works on Chemistry, Materia Medica, and
Physiology, and all good Medical Practitioners, describe the
characteristics of Gastric Digestion, and state many interest-
ing facts, the fact that an Artificial Digestive Fluid, or Gastric
Juice, precisely resembling the natural fluid, may be readily
prepared, and used for experiments in Artificial Digestion,
that it has not been applied to the cure of Indigestion
and Dyspepsia—no naturally does such a use suggest
itself to the mind.

AS A DYSPEPSIA CURE,

Dr. HERRICK'S PEP-SIN has produced the most marvel-
lous effects, in curing cases of Debility, Emaciation, Nervous
Dyspepsia, and Gastric Dyspepsia. It is impossible
to state the details of cases the drug has cured, but the
following are a few of the best authenticated certificates
that have been given of its effects.

more than Two Hundred Remarkable Cures, in Philadelphia, New York, and London alone. These cures are so numerous, and so successful, that the cure were not only rapid and successful but permanent.

It is a great Nervous Antidote, and particularly useful in its tendency to relieve the most distressing cases of an epidemic, which has lately been treated by Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long illness. Also, for excess in eating and drinking, and the too free use of spirituous liquors. It almost recovers the system, and restores the appetite.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how long it had lay may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only requires a few more to completely restore the system to its former healthy condition. Purity of Blood and Vigor of Body follow of course. It is particularly evident in case of Nausea, Vomiting, Cramps, Swelling of the pit of the stomach, and all the other symptoms of indigestion.

Losses of Spirit, *Loss of energy*, Emaciation, Weakness, tendency to Insanity, Suicide, &c. Dr. Seibert's *Golden Balm* is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form, and in Prescription for use by the Medical Profession.

Private Circulars for the use Physicians may be obtained on application. It describes the whole process of preparation and sends the authorities upon which the claims of this new remedy are based. As it is a new discovery, it is not to be given to the public for use by Physicians in respect to handling and regular practice. Price One Dollar per bottle.

NOTE.—The name of the proprietor, Dr. Seibert, is blown in the glass of the bottle of the genuine. Every bottle bears the true signature of S. S. Havercup, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

SOLD by all Druggists and Dealers in Middle Line.

WISTAR'S

BALSAM OF WILD CHERRY
THE BEST REMEDY EVER KNOWN

TO NERVE, FOR COUGHS, ASTHMA, BRONCHITIS, BROWNISH
INFANTIA, BRONCHITIS OF THE LUNGS, ALL CITY CROUP,
CROUP, ALLERGINIC, FELT OF WIND, CROUP OF THE BRONCHI.

Side, First Stages of Consumption, &c.
in which, this Balsam is peculiarly adapted to every disease of the Lungs and Throat, which is produced in every chronic cough.

WILD CHERRY has long been known to possess the most important medicinal properties. It is fact is manifestly one of the most valuable and useful of all the vegetable remedies for every disorder in the Lungs and Throat. This plant has been equally noted for its virtue, and some physicians have even claimed it as similar to the white cherry, *Lav. rosea*, so far as to declare that the EXTRACT of WILD CHERRY could be substituted in its place in every instance, it was treated with value—on my, no doubt, to their ignorance in preparing and administering it—a difficulty now entirely obviated by patient experiment and long experience.

It is the only remedy for the consumption of these two ailments now, for the first time, combined and embodied in Dr. WISTAM'S BALSAM OF WILD CHERRY. It is a new and efficient process, everything deteriorated or weakened by the use of any other medicine, is restored to its normal and rich efficient remedy for all kinds of pulmonary

J. D. PARK—Dear Sir:—I am writing you this, in publishing of the benefits I have derived from the use of Dr. Wm. F. Baleam's Wild Cherry. I was prostrated by that terrible disease, Gonorrhea, which has been the cause of so much suffering and horror to me, for of our family, throated and a large percentage lost of Consumption. I was afflicted with nearly all the symptoms of that terrible disease, viz:—burning, itching, cough, and expectorated a great deal of blood, hectic fever, severe pains in the side and chest, cold chills, shivering, and a general debility of the system.

I have under the care of a skilful physician, from time to time, been treated with all the various remedies, but without success. I was then considered nearly a case beyond all hope, beyond our Physician's skill, and advised the use of Dr. Wm. F. Baleam's Wild Cherry. I commenced the use of it, and after a few days, I commenced to improve, and after a few weeks, I was cured, and am now in perfect health, and am enabled to pursue my usual avocations.

ing it to me, and from the first day I commenced taking my health improved, and in two weeks from the time I commenced using V. I was able to take my usual work, and, I believe, will still continue to do. I have paid you and Labov, which will still continue to do. I have paid you four bottles of the medicine, and now consider myself perfectly well.

JEREMIAH SCRIGGS

Another astonishing cure!

E. Kalb, a highly respectable merchant of Rushville, Fairfield county, Ohio, was the following voluntary tribute to

DR. WYMAN'S BALSAM OF WILD CHERRY.

Rushville, Fairfield Co. O., April 6, 1884.

Mr. J. D. Paine—Dear Sir:—I wish to state to you my daughter, Amanda, aged sixteen years, had, about a since, a very severe attack of measles, which reduced

I was very much, and left her with a rice diet shortly. I kept all of the physicians, and tried every medicine for purposes of cure, but without success. She appeared to be sinking into a decline, with every symptom of consumption.

I then tried Dr. "Rogers' Liver and Tan." It cured her cough, and gave her symptoms of a new medical character. I was now most seriously alarmed, and it was with trembling fear that I one day saw, and the process was completed, the recovery of my daughter's health.

I am glad to state that she has remained well since the time of my daughter's recovery. It is creditably so, as the certificate of Jonathan C. Utson, my daughter, "Sarah Ann," was cured of consumption by Dr. "Rogers' Liver and Tan."

It might help my daughter, and I immediately commenced using it, and almost instantly her relief became apparent from the first bottle, and by the second bottle of "Warranted Balm of Wild Cherry" she was restored to perfect health, and she is not at all predisposed to a cough.

I will say to all that are afflicted with any disease under

The genuine Wistar's Balsam of Wild Cherry is the only one that contains the signature of Henry Wistar, M. D. Philadelphia, and "Barford & Park" on a neatly executed steel cigar wrapper. No other can be genuine.

Price 50 per bottle. 100 for \$5.
